5. WHAT IS THE DIFFERENCE BETWEEN DISEASE OPTION 1 AND DISEASE OPTION 2?

Disease Option 1 uses the same medical criteria and definitions that were established in the original global settlement. If you are familiar with the Revised Settlement Program (RSP) or Foreign Settlement Program (FSP), these same criteria were also in the Fixed Benefit Schedule. These diseases include both classic and atypical presentations of certain rheumatic diseases listed above. It also includes two (2) conditions – Atypical Neurological Disease Syndrome (ANDS) and Atypical Connective Tissue Disease (ACTD) – that were defined in the original global settlement. Disease Option 1 requires that you provide documentation of a disability or severity that is related to your compensable disease or condition.

The compensable diseases in **Disease Option 2** were not part of the original global settlement. They were included in the RSP as the “Long Term Benefit Schedule.” In general, the medical criteria to qualify for a Disease Option 2 claim are more restrictive and require more medical documentation and laboratory testing than those in Disease Option 1. Also, certain diseases that are compensable in Disease Option 1 are not compensable in Disease Option 2, such as Primary Sjogren’s Syndrome, MCTD/Overlap Syndrome, ANDS and ACTD. Disease Option 2 compensates you based on the severity level of your compensable disease or condition. The payments for Disease Option 2 are higher than payments for Disease Option 1.

6. WHAT ARE THE PAYMENT BENEFITS FOR APPROVED DISEASE CLAIMS?

Disease Option 1 payment amounts are determined by your approved severity or disability level.

7. CAN I COMPLETE THE DISEASE PAYMENT CLAIM FORM AND SEND MY MEDICAL RECORDS AND DOCUMENTS IN MY NATIVE LANGUAGE OR DO THEY HAVE TO BE IN ENGLISH?

8. I AM NOT SURE IF I HAVE LUPUS OR ACTD. THE DISEASE PAYMENT CLAIM FORM SAYS I MAY PICK ONLY ONE (1) DISEASE. HOW DO I DECIDE WHICH TO SELECT?

Consult with your doctor prior to completing the Disease Payment Claim Form about what disease or condition he or she has diagnosed or determined you may have. Check the box that matches your diagnosis and supporting medical records. If you check the box for either lupus, scleroderma, polymyositis, dermatomyositis or GCTS and do not qualify, then the Settlement Facility will review your claim for ACTD and/or ANDS if, in the judgment of the Settlement Facility, it appears that you may qualify for one (1) of these conditions.

9. WHAT IS THE DEADLINE TO SUBMIT A DISEASE CLAIM?

You must submit the Disease Payment Claim Form (the red edge) and supporting medical records on or before fifteen (15) years after the "Effective Date." (*Read Question Q9-5 in the Option 1 Claimant Information Guide for more information about the Effective Date.*) Before a disease claim can be reviewed or paid, you must also complete and submit the Proof of Manufacturer Form (the blue edge) and medical records or documents that show that you were implanted with a Dow Corning breast implant.

10. WHAT IF I HAVE A PROBLEM OR RECEIVE A "DEFICIENCY NOTICE" ON MY DISEASE CLAIM? IS THERE A DEADLINE TO SUBMIT ADDITIONAL DOCUMENTS TO CORRECT THE PROBLEM?

If there is a problem with your disease claim, the Settlement Facility will inform you of the problem. You will have one (1) year from the date of the letter informing you of the deficiency to correct the problem. **If you do not correct the problem within this one (1) year period, then your disease claim will be denied, and you will be limited in the future to applying for a new compensable condition that manifests after the conclusion of the one (1) year period to cure the deficiency.**

Because of this short time to correct problems, it is important that you review your medical records carefully before you send them in for review. Do not send your records to the Settlement Facility in a piecemeal fashion. Once a disease claim is received, the Settlement Facility will review and evaluate your claim based on the medical records and documents in your file at that time. If you have not submitted all of your medical records and documents that support your claim, then you will receive a deficiency notice letter informing you that your claim is being denied.

If your medical records meet the proof requirements described in the Option 1 Claimant Information Guide, then you will receive a letter from the Settlement Facility informing you that your claim is approved. Approved claims will be paid after the Effective Date.

11. WHO CAN I CONTACT IF I HAVE A QUESTION OR NEED HELP?

The Claims Assistance Program is available to answer questions about how to complete the forms in your Claims Package. They can also assist you with information on how to obtain the medical records and documents to support your claim. There is no charge to you for this service.
